

For 80 years, **The Children’s Clinic, Serving Children & Their Families dba TCC Family Health** has been providing access to quality health care for those most in need in our community TCC. believes that the first step in providing quality, patient-centered care is understanding the range of personal, social, economic, and environmental factors that influence health status. **TCC Family Health’s** attention to the root causes of health inequities and health disparities puts the goal of health equity at the core of TCC’s approach, which is one that understands the critical importance of access to quality medical/mental health and wellness care to those most in need in our community.

TCC Family Health has grown from that one small clinic providing pediatric care to a community health center system of 13 community health centers and a mobile medical clinic, providing primary, preventive, chronic and acute care to children, youth adults and seniors throughout greater Long Beach. We estimate that *TCC Family Health has provided over 2 million health care visits since its inception.*

OUR GUIDING MISSION

To provide innovative, integrated, quality health care that will contribute to a healthy community, focusing on those in need and working with patients and the community as partners in their overall well-being.

TCC Family Health 2019 Facts¹:

- **39,065** patients served
- **~140,000** medical and behavioral health visits
- **55,000** social service and education visits
- **1,336** homeless patients served by the entire TCC system²
- Assisted nearly **13,000** individuals with health and social service enrollment

As a leader in primary and preventives health and wellness services, **TCC Family Health serves almost 500 patients per day and 130,000 patients a year.** Our track record of providing exceptional care has placed TCC Family Health in high demand. **TCC Family Health serves approximately 1 in 3 low-income residents in the greater Long Beach area**

OUR SERVICES

TCC Family Health’s multi-disciplinary team of physicians, nurse practitioners, mental health professionals, and health educators provide the following services: preventive, acute and chronic care for children and adults; women’s health; family planning; pre-natal care; care management; chronic disease management for diabetes, depression, obesity, and asthma; behavioral health screenings and counseling; health education and outreach; walk-in immunizations; laboratory testing; eligibility screening and enrollment; interpretation and translation; and referrals to community resources. TCC Family Health offers convenient hours, with 24/7 on-call physician service.

PARTNERING TOWARD A SAFER LONG BEACH COMMUNITY

- **TCC Family Health (TCC)** knows that living in a safe and nurturing environment supports lifelong health and well-being. Through the **Everychild Foundation**, **TCC became the first health center in Los Angeles County to be certified as a Trauma Informed Care Practice by the National Council of Behavioral Health**. TCC shares its experience at the local, state, and national levels. TCC partnered with the **City of Long Beach** to join a U.S. Department of Justice National Forum on Youth Violence Prevention entitled **Safe Long Beach**. TCC's role involved using our expertise to train professionals, community groups and public service agencies on the issues of trauma, toxic stress and how to respond as individuals and as a community.
- TCC has new programs to reach children as early as possible to identify trauma and toxic stress and provide needed services and supports while building skills, enhancing resiliency and protective factors for the child and family. These programs include the **Everychild Bright Beginnings Initiative**; **First 5 LA's Project DULCE** and the **Healthy Families America** home visitation program sponsored by The **Los Angeles County Department of Public Health and First 5 LA**.
- As part of TCC's commitment to a healthier community and support from the **Mental Health Services Administration's Department of Mental Health**, TCC established **The Long Beach Innovation 2 Project** which will: (1) Promote interagency and community collaboration related to serving children and families who are at risk of or experiencing or trauma or toxic stress; and (2) Focus on strategies that will address trauma and adversity across different underserved populations and ages to improve outcomes. **Over 30 community and public based organizations will be working side by side with TCC's new Innovation 2 team** to implement the selected strategies and help build the capacity of our communities to work collectively toward supporting community identification and reduction of trauma children ages 0 to 5 and intergenerationally.

SERVING SPECIAL POPULATIONS

- TCC provides a continuum of care to the City's homeless individuals through street outreach and treatment with its partner, **Mental Health America**. This innovative partnership delivers comprehensive primary and preventive care to homeless patients wherever they happen to be and anchors them to the **City of Long Beach Department of Health & Human Services Multi-Service Center for the Homeless** where TCC maintains a clinic and is the partner providing health care. Patients can also receive care and supportive housing services at TCC's health center located at **Century Villages at Cabrillo**.
- As a **National Committee for Quality Assurance** recognized **Patient Centered Medical Home**, TCC provides care, expertise and coordination for children, adolescents and adults including those with special health care needs, disabilities and chronic diseases such as asthma, diabetes and obesity.

THE FUTURE OF TCC

TCC FAMILY HEALTH WITH MENTAL HEALTH AMERICA

COMING THIS WINTER: **Mental Health America** broke ground on a new Long Beach health center September 2017 with partner TCC. The new facility will be able to treat clients with both physical and mental health services. TCC will have a five-room, fully staffed clinic downstairs, near showers, laundry and other services. MHA's mental health facility will be in the back of the building, behind a 3,000-square-foot restaurant called Third Wave Market. The center will be located at 1955/65 Long Beach Blvd.

DIGNITY HEALTH ST. MARY MEDICAL CENTER, SENIOR CARE SITE

In partnership with **Dignity Health, St. Mary Medical Center**, TCC Family Health is opening an integrative health and wellness center on the campus of St. Mary Medical Center solely dedicated to the care of low-income seniors in the greater Long Beach community.

DEVELOPMENT PHASE FOR TCC FAMILY HEALTH & WELLNESS CENTER

of affordable supportive housing by developer **BRIDGE Housing**.

Located in the heart of the **Cambodia Town Neighborhood** in Central Long Beach, TCC is developing a state-of-the-art community health center will focus on service delivery to this population and the other members of the community. The **18,000 square foot** health and wellness center will be TCC operated and co-located with mental health services by **Pacific Asian Counseling Services** and will include space for a health and wellness activity center. The development will also include 88 units

RECENTLY ACQUIRED

TCC is pleased to announce that they have acquired three clinical sites in the communities of Long Beach and Wilmington area from Golden Shore Medical Group, which were previously Molina Health Care. The sites opened in the spring of 2019.
